

Toilsome Hill Drive ♦ Glen Alps Road ♦ Canyon Road

MOA Project No. 07-013

IMPROVEMENTS PROJECT

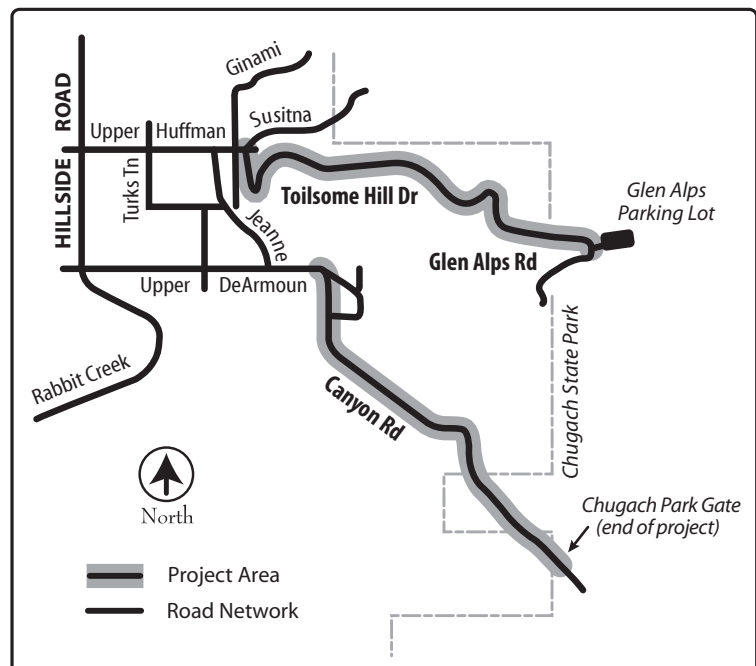

The reconnaissance phase of the Toilsome Hill Drive, Glen Alps Road and Canyon Road Improvements Project has begun. This initial phase includes surveying, mapping and preliminary engineering; and public process to understand right-of-way ownership, maintenance requirements, drainage deficiencies and other issues. The purpose of these efforts is to develop improvement plans for all three roads. Two reconnaissance reports will be produced during this phase of the project — one for Toilsome Hill Drive and Glen Alps Road, and another for Canyon Road.

We need your help to fully understand the problems along these roads. We also want to hear your ideas for solving them.

Please join us as we start this project with a public scoping meeting:

Date: February 12, 2009
Time: 7 - 9 p.m.
Location: Goldenview Middle School
15800 Goldenview Drive

The meeting will start with a short presentation summarizing the team's research and problems/issues identified to date. We will then break into two groups — one for residents, property owners and others interested in Toilsome Hill Drive and Glen Alps Road, and another for residents, property owners and others interested in Canyon Road. Each breakout group will work to identify problems and brainstorm solutions. We look forward to meeting you and hearing your ideas.
